Commission for Railway Regulation

Opinion on financial statements

I have audited the financial statements of the Commission for Railway Regulation for the year ending 31 December 2017 as required under the provisions of section 28 of the Railway Safety Act 2005. The financial statements comprise

- the statement of income and expenditure and retained revenue reserves
- the statement of comprehensive income
- the statement of financial position
- the statement of cash flows and
- the related notes, including a summary of significant accounting policies.

In my opinion, the financial statements give a true and fair view of the assets, liabilities and financial position of the Commission for Railway Regulation at 31 December 2017 and of its income and expenditure for 2017 in accordance with Financial Reporting Standard (FRS) 102 — The Financial Reporting Standard applicable in the UK and the Republic of Ireland.

Basis of opinion

I conducted my audit of the financial statements in accordance with the International Standards on Auditing (ISAs) as promulgated by the International Organisation of Supreme Audit Institutions. My responsibilities under those standards are described in the appendix to this report. I am independent of the Commission for Railway Regulation and have fulfilled my other ethical responsibilities in accordance with the standards.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Report on information other than the financial statements, and on other matters

The Commission for Railway Regulation has presented certain other information together with the financial statements. This comprises the Commissioner's statement, the governance statement and the statement on internal control. My responsibilities to report in relation to such information, and on certain other matters upon which I report by exception, are described in the appendix to this report.

I have nothing to report in that regard.

John Crean

John Cu

For and on behalf of the Comptroller and Auditor General

→ December 2018

Responsibilities of the Commission

The governance statement sets out the Commission's responsibilities. The Commission is responsible for

- the preparation of financial statements in the form prescribed under section 28 of the Railway Safety Act 2005
- ensuring that the financial statements give a true and fair view in accordance with FRS102
- ensuring the regularity of transactions
- assessing whether the use of the going concern basis of accounting is appropriate, and
- such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of the Comptroller and Auditor General

I am required under section 28 of the Railway Safety Act 2005 to audit the financial statements of the Commission for Railway Regulation and to report thereon to the Houses of the Oireachtas.

My objective in carrying out the audit is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement due to fraud or error. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the ISAs, I exercise professional judgment and maintain professional scepticism throughout the audit. In doing so,

- I identify and assess the risks of material misstatement of the financial statements whether due to fraud or error; design and perform audit procedures responsive to those risks; and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- I obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls.
- I evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures.
- I conclude on the appropriateness of the use of the going concern basis of accounting and, based on the audit evidence obtained, on whether a material uncertainty exists related to events or conditions that may cast significant

doubt on the Commission for Railway Regulation's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my report. However, future events or conditions may cause the Commission for Railway Regulation to cease to continue as a going concern.

 I evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Information other than the financial statements

My opinion on the financial statements does not cover the other information presented with those statements, and ℓ do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, I am required under the ISAs to read the other information presented and, in doing so, consider whether the other information is materially inconsistent with the financial statements or with knowledge obtained during the audit, or if it otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

Reporting on other matters

My audit is conducted by reference to the special considerations which attach to State bodies in relation to their management and operation. I report if there are material matters relating to the manner in which public business has been conducted.

I seek to obtain evidence about the regularity of financial transactions in the course of audit. I report if there is any material instance where public money has not been applied for the purposes intended or where transactions did not conform to the authorities governing them.

I also report by exception if, in my opinion,

- I have not received all the information and explanations I required for my audit, or
- the accounting records were not sufficient to permit the financial statements to be readily and properly audited, or
- the financial statements are not in agreement with the accounting records.

Commissioner's Statement

Section 4 of the Public Transport Act 2016 (No 3 of 2016) provided for the change of name of the Railway Safety Commission to Commission for Railway Regulation. In exercise of the powers conferred on him by Section 4 of the Act, the Minister for Transport, Tourism and Sport ordered the change of name effective from 29 February 2016.

The Commission for Railway Regulation was established by the Minister for Transport, Tourism and Sport on 1 January 2006 under the Railway Safety Act 2005 (Section 7).

Section 14(1) of the Act states that the Commission shall consist of at least one but not more than 3 members. In 2017, the Commission consisted of one member, Gerald Beesley until the date of his retirement on 29th August. On 11th December, Brian Higgisson took up appointment as Commissioner. In the intervening period Mary Molloy was the Acting Commissioner.

The Commission has reported separately on disclosure of interests as per the requirements of the Ethics in Public Office Act 1995 and is compliant with Section 20 of the Railway Safety Act 2005. I also confirm that the Commission is compliant with the Code of Practice for the Governance of State Bodies 2009, and intends implementing the Revised (2017) code over the coming year.

Brian Higgisson Commission for Railway Regulation Commissioner

Governance Statement

Governance

The Commission for Railway Regulation was established under the Railway Safety Act 2005.

The functions of the Commission are set out in section 10 of this Act and also has a range of additional functions vested in separate Statutory Instruments relating to EU Directives and EU Regulations. These include the following:

- S.I. No.444 of 2013.
- Commission Regulation EU 445/2011
- S.I. No.249 of 2015.
- S.I. 651 of 2010
- S.I. No. 766 of 2007
- S.I. 399 of 2010

The Commission for Railway Regulation is accountable to the Minister for Transport, Tourism and Sport and is responsible for ensuring good governance and performs this task by setting strategic objectives and targets and taking strategic decisions on all key business issues. The regular day-to-day management, control and direction of the Commission for Railway Regulation are the responsibility of the Commissioner and the senior management team. The Commissioner and the senior management team must follow the broad strategic direction set by the Commission and must ensure that all senior management have a clear understanding of the key activities and decisions related to the entity, and of any significant risk likely to arise.

The Commission is a regulatory body as defined in the 2007 report of the Department of the Taoiseach "Bodies in Ireland with Regulatory Powers".

The Commission does not have a board structure but is constituted in the form of a Commission which can have up to three Commissioners. Since its establishment there has only ever been one Commissioner in place at any one time

Statement of Responsibilities of the Commission for Railway Regulation

Section 28 of the Railway Safety Act 2005 requires the Commission to prepare financial statements in such form as may be approved by the Minister for Transport, Tourism and Sport with the consent of the Minister for Public Expenditure and Reform. In preparing those financial statements, the Commission is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Commission will continue in operation.

The Commission is responsible for keeping adequate accounting records, which disclose with reasonable accuracy at any time the financial position of the Commission and which enable it to ensure that the financial statements comply with Section 28 of the Act. The Commission is also responsible for safeguarding the assets of the Commission and for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Disclosures Required by Code of Practice for the Governance of State Bodies (2016)

The Commission is responsible for ensuring that the Commission for Railway Regulation has complied with the requirements of the Code of Practice for the Governance of State Bodies ("the Code") as published by the Department of Public Expenditure and Reform in August 2016. The following disclosures are required by the code:

Employees' short-term benefits breakdown

See note 7 for employees' short term benefits in excess of €60,000

Consultancy Costs

Consultancy costs include the cost of external advice to management and exclude outsourced "business as usual" functions;

	2017	2016
	€	€
Legal advice	58,521	90,321
Financial / actuarial advice	1,660	1,660
Public relations	16,605	16,464
Technical consultants	299,743	218,622
Total consultancy costs	376,529	327,067

Legal Costs and Settlements

There were no costs incurred in the period in relation to legal costs, settlements and conciliation and arbitration proceedings relating to contracts with third parties. This does not include expenditure incurred in relation to general legal advice received by the Commission for Railway Regulation which is disclosed in Consultancy costs above.

Travel and Subsistence Expenditure

Travel and subsistence expenditure is categorised as follows:

	2017	2016
Domestic – Employees	13,535	22,600
International – Employees	92,998	58,293
Total	106,533	80,893

These figures include travel and subsistence paid directly to employees (Domestic 2016 \in 20,474, 2017 \in 12,154. International 2016 \in 15,114, 2017 \in 26,073). The balance relates to expenditure paid by the CRR on behalf of employees.

Hospitality Expenditure

The Income and Expenditure Account includes the following hospitality expenditure:

	2017	2016
	€	€
Staff hospitality	2,802	542
Client hospitality	<u>1,400</u>	<u>1,245</u>
Total	4,202	<u>1,787</u>

Statement of Compliance

The Commission for Railway Regulation has complied with the requirements of the Code of Practice for the Governance of State Bodies, as published by the Department of Public Expenditure and Reform in August 2016, with the following exceptions:

Audit and Risk Committee: The Commission for Railway Regulation does not have an Audit and Risk Committee as required by the Code due to the fact that the body does not have a Board.

This departure from the Code has been agreed with the Department for Transport, Tourism and Sport

Brian Higgisson
Commission for Railway Regulation Commissioner

Statement on Internal Control

On behalf of the Commission for Railway Regulation I acknowledge my responsibility for ensuring that an effective system of internal control is maintained and operated. This responsibility takes account of the requirements of the Code of Practice for the Governance of State Bodies (2016).

Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a tolerable level rather than to eliminate it. The system can therefore only provide reasonable and not absolute assurance that assets are safeguarded, transactions properly recorded, and that material errors or irregularities are either prevented or detected in a timely way.

The system of internal control, which accords with guidance issued by the Department of Public Expenditure and Reform has been in place the Commission for Railway Regulation for the year ended 31 December 2017 and up to the date of the financial statements except for the internal control issues raised in our internal audit of 2017.

Capacity to Handle Risk

The Commission for Railway Regulation did not have an Audit and Risk Committee (ARC) in place in 2017. The Department of Transport, Tourism and Sport have agreed that the Commission for Railway Regulation be granted a derogation from this obligation and this applies in 2017.

The Commission for Railway Regulation outsourced its internal audit function in 2017 in agreement with the Department of Transport Tourism and Sport.

The Commission for Railway Regulation has developed a risk management policy which sets out its risk appetite, the risk management process in place and details the roles and responsibilities of staff in relation to risk. The policy has been issued to all staff who are expected to work within the CRRs risk management policies, to alert management on emerging risks and control weaknesses and assume responsibility for risks and controls within their own area of work.

The Commission for Railway Regulation has implemented a risk management system which identifies and reports key risks and the management actions being taken to address and, to the extent possible, to mitigate those risks. In 2017 an overall review of the risk management and procedures was undertaken.

A risk register is in place which identifies the key risks facing the Commission for Railway Regulation and these have been identified, evaluated and graded according to their significance. The register is currently reviewed and updated by the management team. The outcome of the assessments is used to plan and allocate resources to ensure risks are managed to an acceptable level.

The risk register details the controls and actions needed to mitigate risks and responsibility for operation of controls assigned to specific staff. I confirm that a control environment containing the following elements is in place:

- Procedures for all key business processes have been documented
- Financial responsibilities have been assigned at management level with corresponding accountability
- There is an appropriate budgeting system with an annual budget which is kept under review by senior management
- There are systems aimed at ensuring the security of the information and communication technology systems
- There are systems in place to safeguard the assets.

Ongoing monitoring and Review

Formal procedures have been established for monitoring control processes and control deficiencies are communicated to those responsible for taking corrective action and to management, in a timely way. I confirm that the following ongoing monitoring systems are in place;

- Key risks and related controls have been identified and processes have been put in place to monitor the operation of those key controls and report any identified deficiencies,
- Reporting arrangements have been established at all levels where responsibility for financial management has been assigned, and
- There are regular reviews by senior management of periodic and annual performance and financial report which indicate performance against budgets/ forecasts

Procurement

I confirm that the Commission for Railway Regulation has procedures in place to ensure compliance with current procurement rules and guidelines. During 2017 the Commission for Railway Regulation complied with those procedures.

Review of Effectiveness

I confirm that the Commission for Railway Regulation has procedures to monitor the effectiveness of its risk management and control procedures. The Commission for Railway Regulation's monitoring and review of the effectiveness of the system of internal financial control is informed by the work of the internal and external auditors and the senior management team with the Commission for Railway Regulation responsible for the development and maintenance of the internal financial control framework.

I confirm that the Commission for Railway Regulation conducted an annual review of the effectiveness of the internal controls for 2017

Internal Control Issues

There were no issues in relation to internal control identified in relation to 2017 that requires disclosure in the financial statements.

Notes to the Financial Statements

for the year ended 31 December 2017

1. Accounting Policies

The basis of the accounting and significant accounting policies adopted by the Commission for Railway Regulation are set out below. They have all been applied consistently throughout the year and for the preceding year.

a) General Information

The Commission for Railway Regulation was set up under the Railway Safety Act 2005 with a head office at Temple House, Blackrock, Co. Dublin.

The Commission for Railway Regulation was established under the Railway Safety Act 2005 and the commencement day was the 1 January 2006. The Commission is a corporate body with perpetual succession and has a seal and power to sue and be sued in its corporate name and to acquire, hold and dispose of land or an interest in land, and to acquire, hold and dispose of any other property. The entity consists of one Commissioner. It is a statutory body funded by grant-in-aid from the Department of Transport, Tourism and Sport and a levy on the industry.

The Commission for Railway Regulation's primary objectives as set out in Part 2 of the Railway Safety Act 2005 are as follows:

- to foster and encourage railway safety
- to enforce the Railway Safety Act 2005 and any other legislation
- to investigate and report on railway incidents

The Commission has responsibility for regulating the safety of railway systems carrying fare-paying passengers and commercial freight, and of other railways where they interface with public roads.

The Commission for Railway Regulation is a Public Benefit Entity (PBE).

The significant accounting policies adopted in these financial statements are as follows;

b) Statement of Compliance

The financial statements of Commission for Railway Regulation for the year ended 31 December 2017 have been prepared in accordance with FRS 102, the financial reporting standard applicable in the UK and Ireland issued by the Financial Reporting Council (FRC).

Notes to the Financial Statements

for the year ended 31 December 2017

c) Basis of Preparation

The financial statements are prepared under the accruals method of accounting and under the historical cost convention in the form approved by the Minister for transport, Tourism and Sport with the concurrence of the Minister for Public Expenditure and Reform, in accordance with Section 28 of the Railway Safety Act 2005.

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to Commission for Railway Regulation's financial statements.

d) Revenue

Oireachtas Grants

Revenue is generally recognised on an accruals basis; one exception to this is in the case of Oireachtas Grants which are recognised on a cash receipts.

Capital Grants

Grant funding used to purchase property, plant and equipment is transferred to a Capital Account and released back to income in line with the depreciation of the related assets. The balance on the Capital Account represents the unamortised value of grant received for capital expenditure purpose.

Levy income

The Commission for Railway Regulation, in exercise of the powers conferred on it by section 26 of the Railway Safety Act 2005 (No.31 of 2005), as amended by the European Communities (Railway Safety) Regulation 2008 (S.I. No. 61 of 2008) and with the consent of the Minister for Transport, Tourism and Sport and the Minister for Public Expenditure and Reform, imposes a levy on relevant railway undertakings as specified in the Act. The levy is to be used to fund the activities of the Commission but not the Railway Accident Investigation Unit. The Commission may also, in the absence of a direction from the Minister to pay over any surplus of levy income over expenditure in the Exchequer

- (a) offset surplus levy income over expenditure against levy obligations for the subsequent year or
- (b) make refunds to the relevant railway undertakings.

The amount specified in the levy order for any given year less any offsets or refunds is brought to account as income for that year.

Notes to the Financial Statements

for the year ended 31 December 2017

Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation, adjusted for any provision for impairment. Depreciation is provided on all property, plant and equipment, other than freehold land and artwork, at rates estimated to write off the cost less the estimated residual value of each asset on a straight-line basis over their estimated useful lives, as follows:

(i) Leasehold Additions
 (ii) Office Equipment
 (iii) Computer Equipment
 (iv) Fixtures and Fittings
 10% per annum
 20% per annum
 10% per annum

Residual value represents the estimated amount which would currently be obtained from disposal of an asset, after deducting estimated costs of disposal, if the asset were already of an age and in the condition expected at the end of its useful life.

Depreciation is fully charged in the year of acquisition and depreciation is not charged in the year of disposal.

If there is objective evidence of impairment of the value of an asset, an impairment loss is recognised in the Statement of Income and Expenditure and Retained Revenue Reserves in the year.

Foreign Currencies

Transactions denominated in foreign currencies are converted into euro during the year at the rate on the day of the transaction and are included in the Income and Expenditure Account for the period. Monetary assets and liabilities denominated in foreign currencies are converted into euro at exchange rates ruling at the balance sheet date and resulting gains and losses are included in the Income and Expenditure Account for the period.

Receivables

Receivables are recognised at fair value, less a provision for doubtful debts. The provision for doubtful debts is a specific provision, and is established when there is objective evidence that the Commission for Railway Regulation will not be able to collect all amounts owed to it. All movements in the provision for doubtful debts are recognised in the Statement of Income and Expenditure and Retained Revenue Reserves.

Notes to the Financial Statements

for the year ended 31 December 2017

Operating Leases

Rental expenditure under operating leases is recognised in the Statement of Income and Expenditure and Retained Revenue Reserves over the life of the lease. Expenditure is recognised on a straight-line basis over the lease period, except where there are rental increases linked to the expected rate of inflation, in which case these increases are recognised when incurred. Any lease incentives received are recognised over the life of the lease.

Employee Benefits

Short-term Benefits

Short term benefits such as holiday pay are recognised as an expense in the year, and benefits that are accrued at year-end are included in the Payables figure in the Statement of Financial Position.

Retirement Benefits

The Commission for Railway Regulation operates an unfunded defined benefit pension scheme which is funded annually on a pay as you go basis from monies available to it, including monies provided by the Department of Transport, Tourism and Sport. The scheme is operated on an administrative basis pending approval by the Department and the Department of Public Expenditure and Reform.

Retirement benefits costs reflect pension benefits earned by employees in the period and are shown net of staff pension contributions which are refunded to the Department. Retirement benefit liabilities are measured on an actuarial basis using the projected unit credit method. An amount corresponding to the pension charge is recognised as income to the extent that it is recoverable and offset by grants received in the year to discharge pension payments. Actuarial gains or losses arising on scheme liabilities are reflected in the Statement of Comprehensive Income and a corresponding adjustment is recognised in the amounts recoverable from the Department.

Retirement benefit liabilities represent the present value of future pension payments earned by staff to date. Deferred retirement benefit funding represents the corresponding asset to be recovered in future from the Department.

The Commission for Railway Regulation operates the Single Public Services Pension Scheme ("Single Scheme"), which is a defined benefit scheme for pensionable public servants appointed on or after I January 2013. Single Scheme members' contributions are paid over to the Department of Public Expenditure and Reform (DPER).

Notes to the Financial Statements

for the year ended 31 December 2017

Critical Accounting Judgements and Estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements have had the most significant effect on amounts recognised in the financial statements.

Depreciation and Residual Values

The Commissioner has reviewed the asset lives and associated residual values of all fixed asset classes, and in particular, the useful economic life and residual values of fixtures and fittings, and have concluded that asset lives and residual values are appropriate.

Retirement Benefit Obligation

The assumptions underlying the actuarial valuations for which the amounts recognised in the financial statements are determined (including discount rates, rates of increase in future compensation levels, and mortality rates) are updated annually based on current economic conditions, and for any relevant changes to the terms and conditions of the pension and post-retirement plans.

The assumptions can be affected by:

- (i) the discount rate, changes in the rate of return on high-quality corporate bonds
- (ii) future compensation levels, future labour market conditions

2. State Grant	2017	2016
	€	€
Funding provided by the Department of Transport, Tourism and Sport	622,000	422,000
DTSS funding in respect of pensions payable	41,858	16
Employee Pension contributions remitted to the DTSS	(20,140)	(22,192)
Single Public-Sector Scheme members contributions remitted to	•	
The Department of Public Expenditure and Reform	(21,345)	(18,840)
	622,373	380,968

The Department of Transport, Tourism and Sport allocate funding under subhead C3.

3. Levy Income	2017	2016
·	€	€
Income as per levy order	1,617,507	1,596,005
Refund	15	(22,764)

Income recognised in SIERRR	1,617,507	1,573,241

Notes to the Financial Statements

for the year ended 31 December 2017

The levy order for 2017 (S.I. 87/2017) was published in March 2017.

1 The amounts levied on the relevant railway undertaking in any year is based on budgeted expenditure for the Commission. The legislation provides for refunds where the amount levied exceeds the actual expenditure incurred. Some of the work with BBRI planned for 2016 was postponed until 2017. The value of this work was €22,764 and this was offset against the levied amount for BBRI for 2017. It is shown as a creditor at 31 December 2016.

4. Other Income	2017 €	2016 €

Benefits paid	(41,485)	-
Closing defined benefit obligation 31st December	4,752,515	4,197,000

(c) Deferred funding for Pensions

The Commission's income comprises levy income and substantial state funding. The Commission has recognised an asset in respect of Deferred Pension Funding on the basis of a set of assumptions and a number of past events including the statutory basis for the establishment of the superannuation scheme and the annual funding process by the Department of Transport, Tourism and Sport.

Notes to the Financial Statements

for the year ended 31 December 2017

The Net Deferring Funding for Pensions recognised in Income and Expenditure Account was as follows:

	2017 €	2016 €
Funding recoverable in respect of current year pension costs Less state grant applied to pay pensions	357,000 (42,000)	280,000
Closing deferred funding for Pensions 31st December	315,000	280,000

The deferred funding asset for pensions as at 31 December 2017 amounted to €4,752,000 (2016: €4,197,000). The Commission for Railway Regulation recognises this amount as an asset corresponding to the unfunded deferred liability for pensions on the basis of the set of assumptions described above and a number of past events. These events include the statutory basis for the establishment of the Scheme, and the policy and practice currently in place in relation to funding public service pensions including contributions by employees and the annual estimates process. The Commission for Railway Regulation has no evidence that this funding policy will not continue to meet such sums in accordance with current practice.

(d) History of defined benefit obligations	2017	2016
	€	€
Defined benefit obligation	4,752,515	4,197,000
	State Address of the State of t	
Experience losses/ (gains) on scheme liabilities:		
Amount	252,000	(30,000)

(e) General Description of the Scheme

The Commission for Railway Regulation operates unfunded defined benefit superannuation schemes for staff. Superannuation entitlements arising under the schemes are paid out of current income and are charged to the Income and Expenditure Account, net of employee superannuation contributions, in the year in which they become payable.

The results set out below are based on an actuarial valuation of the pension liabilities in respect of serving and retired staff of the Commission as at 31 December 2017. This valuation was carried out by a qualified independent actuary for the purposes of the accounting standard FRS 102. All new employees who commenced employment since 1st January 2013 are members of the Single Pension Scheme and are included in the above Actuarial Valuation.

Notes to the Financial Statements

for the year ended 31 December 2017

The main financial assumptions used were:

	2017	2016
Discount rate	1.90%	1.83%
Rate of increase in salaries	2.87%	2.81%
Future state pension increases	1.87%	1.81%
Rate of increase in pensions	2.37%	2.31%
Inflation	1.87%	1.81%

The table below shows the life expectancy for members attaining age 65 in 2017 and 2037.

	2017	2037
Male aged 65	21.2 yrs	23.7 yrs
Female aged 65	23.8 yrs	25.8 yrs

15. Capital Commitments

There are no capital commitments for capital expenditure at 31 December 2017.

16. Contingent Liabilities

There were no contingent liabilities at 31 December 2017.

17. Commissioner's Interests

The Commission adopted procedures in accordance with guidelines issued by the Department of Finance in relation to disclosure of interests by its members and these procedures have been adhered to in the period. There were no transactions in the year in relation to the Commission's activities in which the Commissioner had any beneficial interest.

Notes to the Financial Statements

for the year ended 31 December 2017

18. Borrowings

Section 27 of the Railway Safety Act 2005 allows the Commission to borrow money for the purpose of the performance of its functions. In 2017 the Commission did not incur any borrowings.

19. Retained revenue reserves

(a) The retained revenue reserves at 31 December 2017 were €601,693. (2016 - €678,372)

20. Approval of Financial Statements

The Financial Statements were approved by the Commissioner on | 202
